PT. Global Eco Centric (GECO) is a private environmental consulting company that provides various environmental consulting services including environmental compliance consulting, environmental assessment, environmental management, and environmental monitoring. GECO was established in Jakarta, Indonesia on February 2016 by young and professional consultants who have specified educational background as well as experience in the field of strategic planning, environmental science, engineering, and management. GECO team has been committed to provide environmental management solutions and deliver quality results for our clients in accordance with Indonesian Laws and Regulations.

VISION & MISSION

VISION

Our vision is to become one of the leading environmental consulting companies in Indonesia that always strive to provide independent and professional quality services to ensure environmental compliance as well as environmental sustainability in Indonesia.

MISSION

Our mission is to accelerate environmental compliance and environmental sustainability in Indonesia by empowering our team with continual knowledge improvements and professional trainings so we can assist not only commercial industries, but as well as government institutions and public communities in environmental matters.

SCOPE OF WORKS

We provide various environmental consulting services including:

- Environmental Document Drafting
(AMDAL/RKL-RPL, UKL-UPL, DELH, DPLH, dan Laporan Integrasi Izin Lingkungan)
- Environmental Management and Monitoring Report
(Laporan Semester Implementasi RKL-RPL)
- Environmental Licensing Management
(Pengurusan Izin PPLH: Izin Pembuangan Limbah Cair, Izin TPS Limbah B3, Izin Pengelolaan Limbah B3)
- Environmental Gap Analysis
(Kajian Ketaatan dan Kinerja Pengelolaan Lingkungan untuk PROPER)
- Environmental and Social Baseline Studies
(Studi Rona Awal Lingkungan dan Sosioekonomi)
- Hazardous Waste Management Studies
(Kajian Pengelolaan Limbah B3)
- Feasibility Studies (Studi Kelayakan)
